COMPTROLLER'S MEMORANDUM 1988-7

TO: ALL DEPARTMENT HEADS

FROM: Russel S. Nagata, Comptroller

SUBJECT: Two Hour Time Limit of Metered Parking Spaces

Surveys conducted recently indicate a high rate of prolonged parking over the two hour time limit in metered spaces by state vehicles, temporary parking permit users, and state employees without parking assignments. This is contrary to the intended purpose of these stalls. Metered stalls are provided for the general public to use to conduct official state business and not intended for all day parking.

Please remind your employees of Comptroller's Circular No. 1971-4, dated September 14, 1971, regarding metered parking spaces. The circular states that all vehicles parked in metered spaces will be limited to a two hour time limit as posted. This includes state vehicles and vehicles utilizing temporary parking permits. Citations will be issued to all vehicles in violation of parking over the two hour time limit.

Employees conducting official business at agencies located in close proximity to the South Street Garage and the Makai Garage are allowed to park free for two hours with a valid temporary parking permit or with a state vehicle. Vehicles parked longer than two hours will be assessed the difference.

If there are any questions regarding this matter, please call the Parking Control Office at 548-7611.

RUSSEL S. NAGATA
