COMPTROLLER'S MEMORANDUM 1995-24

TO: All Department Heads

FROM: Sam Callejo, Comptroller

SUBJECT: Central Motor Pool Vehicles Rental Rate Revision

Under Section 9-G of our Central Motor Pool Policies and Procedures, notice is hereby given of the revised rental rates for motor pool vehicles effective October 1, 1995. The attached rates have been revised to reflect actual operating costs and to differentiate the rates for newer and older cars.

The revised rental rates considers the current fiscal constraints facing all state agencies and provides options to reduce their motor vehicle costs. Current high mileage (1,000 + miles) users will see a reduction in rental costs and low mileage (under 400 miles) users can save by renting older vehicles. All motor vehicles are safe and kept in good operating condition by our Motor Pool.

The motor pool also has a limited number of specialized vehicles such as minivans, cargo vans, pick-up trucks, and 4-wheel drive utilities available for rental by agencies. We also can provide fuel, repair and maintenance services for non-motor pool vehicles at substantial savings over commercial garages and gas stations.

AUG 25 1995

If there are any questions or concerns regarding the Motor Pool program, please contact Mr. Harold Sonomura of my Automotive Management Division at 586-0343.

SAM CALLEJO
State Comptroller
